TO WHOM IT MAY CONCERN:

In May 2005, I graduated from Baylor University with a BA in History. I worked for several years in residential remodeling and then at Countrywide Home Loans /Bank of America as a loan originator. I enjoy working with people, doing research, and working to expand my skills and knowledge. I would like to find a career that will enable me to support my family as I learn and grow. My goal is to work for a company built on Christian values and to help that company succeed.

Very truly yours,

George Ross Trull
